PROFILE

Hello everyone, I'm Ari Aryadi Rizqi or who is familiarly called ari, I am a Bachelor of Computer Science at the Faculty of Information Technology, Universitas Nusa Mandiri Jakarta. I have an interest in the field of technology, this has led me to the world of technology, I have made a lot of projects and certifications for training in the field of technology. I have a good passion for work and adapt easily to new people and circumstances and also I can work under pressure, individual and team work.

EDUCATION

Universitas Nusa Mandiri

Information System | GPA 3.90

Jakarta, DKI Jakarta
2018 – 2022

- Bachelor's degree from the information systems major with a GPA of 3.90.
- Studied several subjects such as Analysis and Design Information System, Project Management Information System, Applications, and Software Development. My favorite subject is Analysis and Design of Information Systems, because I can analyze problems that occur in every company and community, design and build systems from these problems so that it can facilitate and help companies and communities in dealing with these problems.

SMK Darul Amal

Mechanical Engineering

Bekasi, Jawa Barat
2015 – 2018

- When I was in school, I won many competitions, such as scout competitions, pencak silat competitions, futsal competition and became vice chairman of OSIS.

WORK EXPERIENCE

Human Capital Department

Ministry of Religion Affairs of Bekasi City

Sep 2021 – Okt 2021

- Placed in the administrative division in the field of personnel with the work of processing data input and output processes, becoming IT Support and editing several correspondence letters.
- Manage all employee data at the ministry of religion in the city of Bekasi.

Field Industrial Practice

Ride On Bekasi Speed of Bekasi City
